

Spul'u'kwuks News

Newsletter #11

March 31, 2017

From the Office

Here we are at the end of term two. It was a busy term full of learning, growth and fun. The students and staff really enjoyed the Hip Hop week. The performances on Friday, March 17 were amazing to watch. Thanks again to the PAC for helping with the cost of the programme and for the parents who came to watch. Now, we adjust to our April break. We hope that whatever you do, you find time to relax and spend time together as a family. We live close to some amazing nature. Take a family walk or bike ride on the dyke, check out The Sharing Garden or The Terra Nova Adventure Play centre. The learning doesn't need to stop when school is off. Check out what's happening around town: The Oval has some recreational activities just for Spul'u'kwuks' students, there are shows at local art galleries and it's a good time to check out Science World, the Aquarium and other places of interest. Encourage your child to read, it's still one of the best ways to learn. If your child is home alone, make sure you know what they are doing on the computer. Enjoy the break.

What I Love About Spul'u'kwuks

"Everybody is friendly." - Nicholas

"I love that I have so many friends here and it feels like a community." - Devyn

"...It's clean, we play basketball, we do fun fundraisers and I'm happy here." - Jireh

1

HIP HOP

Over 300 people attended our Friday finale. Wow!

2

CLUBS

The newest club at school is The Gear Head Club. Thanks James.

3

BAND CONCERT.

Yesterday we had two great concerts by the band. Thanks to Mr. Naso and students.

Hip Hop

Hip Hop was a lot of fun. Vibe-8 Entertainment is the company that came to school for our week long workshop and performance. The instructors worked hard and the students had fun. Some of the music was by DJ Snake.

By Evan Oi

Robotics

Students from Div. 6 explore basic coding with Osmo and Lego robotics. Using iPads, students coded pathways on the hallway and classroom floors. This is the second time we have had robotics at school. In November, Div. 5 borrowed kits from the school district and It would be cool if we had some of our own.

April Programmes at The Oval
