### TRANSITIONAL LEARNING

As you may already know, Transitional Learning has been extended to the end of the school year. We continue to encourage our students to return to school before that time, as we believe in the importance of “in-person learning”. We have Health and Safety protocols in place for the safety of both staff and students.

For the next two weeks, students who are in Transitional Learning should know that there will not be any webinars for them to attend. Our TL teachers will continue to assign work to complete and upload. Webinars should resume during the week of March 29<sup>th</sup>.

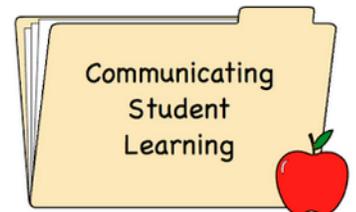

Beginning on Friday, April 2<sup>nd</sup>, the school is on spring break, and no work will be provided for TL learners until our return on Monday, May 3<sup>rd</sup>.

If you would like to have your child **return to in-person schooling** after our April break, please make sure to **contact the office by Monday, March 29<sup>th</sup>**. You must receive an email from the office with a confirmed start date before you send your child back to school.

### COMMUNICATING STUDENT LEARNING

For in-person and TL students in Divisions 1, 2, 3, 4, 5 and 13, report cards will be sent home on Monday, March 29<sup>th</sup> or Tuesday, March 30<sup>th</sup>.

If your child is a Transitional Learner, please contact the office to let us know if you would like to pick up the report in person during office hours or if you would like the report scanned and emailed to you.

For parents of students in other divisions, please check your child's e-portfolio regularly for new posts and discuss your child's work with them.

### EMERGENCY PREPAREDNESS DRILL

This week, we were fortunate to have three members of the RCMP join us for our Lockdown Drill. Students and staff were prepared in advance for the drill and given directions to follow, while the RCMP walked through the building making observations. We are pleased to report that the constables praised us for a successful drill. Thank you to our staff and students for following the protocols to keep everyone safe! Please ask your children about what they do during a

Lockdown Drill to reinforce the safety aspect of the drill. It's also a good idea to have a plan for at home...What would you do if a danger presented itself in your home? Do your kids know how to stay safe? Consider making a plan together with your children after talking about our school drill.

### UPCOMING DATES

April 1	Last day of Term 2
April 2	Good Friday – No School
Apr. 5 - 30	Spring Break
May 3	First day of Term 3
