SCHOOL PERFORMANCE

We had an amazing school performance yesterday with iLUMiDANCE Rainbow Dance Theatre. The performance featured a combination of technology and the arts. Students had the opportunity to see how the skills they learn in Applied Design, Skills, and Technologies (ADST) can be applied to real life scenarios. The performers also explained the technology behind the colourful displays to help students learn new vocabulary and make connections to their learning. It was extra exciting to watch with the lights out! Thank you to the PAC for supporting this performance!

CITY OF RICHMOND

Approximately every 5 years the City of Richmond conducts a community-wide study to gather the perspectives of residents on current programs and services delivered in all Community Services areas (parks, recreation, arts, culture, heritage and library). The findings and recommendations that result from this project will inform the planning and delivery of future facilities, programs, and services. From February 16 to March 12, 2023, the public is invited to share their thoughts on Community Services facilities, programs, and services through a 10-minute survey by telephone or online. They may also visit www.LetsTalkRichmond.ca/NeedsAssessment for project details and contact information. See attached for flyers in English and Chinese.
