## Cybersafe from Exploitation Workshops

The Richmond School district is partnering with the [Exploitation Education Institute](#) to share a presentation on 'Cybersafe from Exploitation' in all elementary schools for Grade 6 and 7 students. This presentation will be occurring at Spul'u'kwuks on Monday, June 10.

Why is this important?

- At any given time, there are over 750 000 predators online looking to connect with minors
- Sextortion rates have tripled every year since the pandemic
- Luring a child accounted for 77% of online sexual offences against children

Our children need to know how to recognize and protect themselves from predatory behaviour!

## June is Activism Month in Divisions 2 and 3

Students in Divisions 2 and 3 have taken on activism projects as a way to support a variety of good causes in our community. Over a few weeks this month, a variety of collections and events will take place with all donations and proceeds going to specific organizations.

We will be making announcements daily at school to promote these causes and to remind students how to donate.

Attached to this newsletter is a calendar of activities to help you plan ahead and understand why your children may be asking for small donations.

This activism supports curricular competencies in Social Studies, where students are expected to be able to:

- Collect and organize information to support a course of action
- Individually, or in groups, implement a plan of action to address a problem or issue (e.g., fundraising campaign, clothing or food drive)
