

SPUL'U'KWUKS NEWS

We acknowledge and thank the First Peoples of the **hən̓ q̓ əmih̓ əm̓** (hun-ki-meen-um) language group on whose traditional and unceded territories we teach, learn and live.

Weekend Weather

The current forecast is predicting snow on the weekend. See our November 15 Newsletter if you have questions about any impact on the school day and where to get school closure information:

Student Safety

As always, student safety comes first, and we rely on our parent community to help us care for our students.

Please:

- drive at low speed
- only use the drop-off lane (not the staff parking lot) when bringing children to school
- look carefully for pedestrians at crosswalks
- park on the street for after school pick-up (do not drive in the exit and park in the parking lot)
- cross the street only at a marked crosswalk

Ministry Childcare Centre Update

We have received word that we are entering the next phase of this project. You can expect to see digging for the connection of utilities between the main building and the daycare site, and all the required works taking place around the site. After this phase is complete, around mid-February, the installation of the modular will take place.

The modular daycare consists of three smaller modular units that will be shipped and unloaded on site by huge cranes, then put together.

Administration, the School District, and the contractors are all working closely to minimize disruption and to keep student safety as our top priority.

The project managers will do their best to avoid adding to our busy traffic situation before and after school!

We appreciate your patience if you experience any delays!
