## The Young Actors Project

In May and June, all classes will take part in three lessons with the Young Actor Project. Each lesson will focus on a different area of drama.

Drama empowers kids with self-confidence. Kids need to believe in their creative ideas and have the bravery to express them in front of others. YAP school workshops make that kind of risk-taking fun, not scary. Students communicate characters, feelings, and stories, which increase their focus and exercise their imaginations. They develop trust through cooperation and collaboration with their peers – learning to accept and build on each other's creative ideas. These are skills required not just for the stage – but for the stage of life.

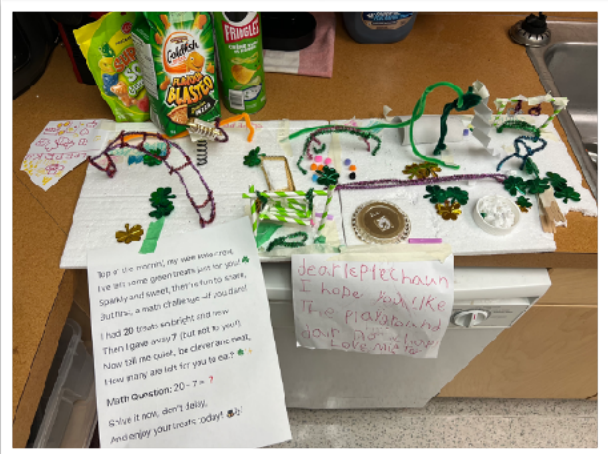

# St. Patrick's Day Shenanigans!

What an exciting day we had on Monday! It seems that a leprechaun got into the school and caused quite a stir with his silly tricks!

The naughty behaviour included turning over chairs, leaving shamrocks on tables and floors, turning the "Shape of the Day" and posters upside down, stacking stools, leaving notes and riddles in the classrooms, and generally making rooms messy. He even taped the office doors shut!

The leprechaun did leave some treats...gold coins and green snacks!

Students had animated discussions about what happened and what to do about it!
